

Disciplinary Honors in **BIOLOGY**

Through Disciplinary Honors, you have the opportunity to study topics in depth and do original, sophisticated research giving you a competitive advantage when applying for graduate school or beginning a career.

REQUIREMENTS:

- UNCG GPA of 3.30 or higher at graduation
- At least 18 s.h. of Honors course work with grades of at least B (3.0):
 - + 3 s.h. of HSS 490 Senior Honors Project
 - + 3-6 s.h. of BIO 493 Honors Work (only 6 hours may be counted toward the 30 s.h. minimum in the Biology major)
 - + One hour credit in any of the Department's journal clubs
 - + Two 500-level Biology courses (for 6-8 s.h. credit)
 - + A third 500-level course in Biology or a Contract course in Biology at the 300 or 400 level
 - + Oral presentation of Honors Thesis to a committee of three Biology Faculty. If a Biology Honors student makes an oral or poster presentation at a local, regional, national, or international meeting, e.g. the North Carolina Academy of Sciences, this can serve in lieu of an oral presentation to three faculty.

Sum = _____ hrs (18 hrs required)

RECOGNITION: Receive a Certificate of Disciplinary Honors and have that accomplishment, along with the title of your Senior Honors Project, noted on your official transcript; and be recognized at a banquet held at the end of the spring semester.
